

# CIPRIAN CIRDEI

I have over a year of web development experience, have been studying and developing websites for local customers. I built a handful of websites with my knowledge and experience which are listed in my portfolio, the link to my portfolio is listed at the bottom of this resume. I am currently a part-time Freelance Web Developer and a Delivery Truck Driver full-time, and I have lengthy and diverse work experience, but mostly specializing in the area of Transportation. I've decided to make a career change and seek a career as a Web Developer.

## EXPERIENCE

### Freelancer, Los Angeles — *Freelance Web Developer*

NOVEMBER 2018 - PRESENT

I'm a part-time self employed Freelance Web Developer. And my full-time job is a local truck driver. I Design and Develop Web Sites for local customers, using Html, Css, Bootstrap, jQuery, and Javascript. Keep in contact with customers to inquire their Business needs to build a Web Site or update information on the customer's current Web Site.

### Albert's Organics, Vernon — *Local Organics Driver*

AUGUST 2013 - PRESENT

Deliver fresh produce to customers, unloading produce at different locations using a pallet jack and lift gate. Providing friendly and excellent customer service and help whenever necessary. Following DOT Rules and Regulations while safely operating a tractor trailer combination vehicle.

### Central Transport, Santa Fe Springs — *Supervisor/ Lead*

APRIL 2011 - AUGUST 2013

Dock Worker and driving tractor trailers to different locations. Loading and Unloading freight. Dock Lead, ensuring dock workers are loading correctly, helping workers when help is needed. Using Freight Management Software "Phobos" to assign trailers to their destinations. Filling "Bill of Loading" and shipping paperwork as drivers arrive from their routes.
